Trip to Gudari
After contacting multiple tour and transfer agencies, my family and I decided on Travel Bee. They were the first to reply with answers to all our questions and they OFFER the best prices.
The tour guide and owner met us at the airport as planned. In fact, when we got off the plane we received a warm welcome message from Sophia and informing of that our guide was at the exit with our names waiting.
The owner and guide greeted us and immediately put us at ease by giving a brief explanation of the itinerary and providing us time to exchange money, freshen up etc.
The van was extremely clean and the driver was calm and cautious - very important on steep, snowy mountain roads!
The trip was very relaxing - in-line with the beautiful and breathtaking scenery.
The staff are extremely professional and maintain constant communication.
My family and I will definitely be booking all our tours and transfers with Travel Bee.
